Dear Sir,

COMMUNITY PROJECT--Artificial insemination Centre, Mangalore--Construction of a building--Additional expenditure--Sanction--Request.

Ref: G.O.Ms.No.1622 Pub. RDP. Dept. Dt. 11-9-1954.
2.Estimate for Rs. 7400/- received from the Asst. Engineer(C.P.) Mangalore.

--

In the G.O. cited first above, a sum of Rs. 2500/- is provided for the construction of a building to locate the artificial insemination centre attached to the Veterinary Hospital, Mangalore. But the actual cost of the building as per design furnished by the District Veterinary Officer, South Kanara is estimated to be Rs.7400/-. The design furnished by the District Veterinary Officer, South Kanara provides for 4 rooms including one big room to be used as office room. The present Veterinary Hospital building at Mangalore is already congested and no portion of it can be used for the artificial insemination unit. Hence a new building of the type recommended by the District Veterinary Officer has to be put up for starting the centre.

2. I, therefore, request that the Government may kindly be pleased to sanction an additional expenditure of Rs. 5000/- for the construction of the building at a very early date as the centre can be started only after the building is completed. The centre has already been provided with most of the required equipments and two Veterinary and Live Stock Inspectors have also been since posted to work at the centre.

3. The local public are impatient over the starting of the centre. I have received oral and written representations from several persons and citizen's association interested in the matter to expedite the starting of the centre.

4. As no savings can be effected from the overall allotment under Animal Husbandry scheme, I request that the additional funds of Rs. 5000/- now requested may kindly be found from the overall savings under the approved overall programme relating to this community project area.

5. I request that this reference may kindly be treated as very urgent and orders may be issued expeditiously. I have ventured to submit a D.O. letter in view of the urgency of the work.

6. The design referred to above is enclosed for kind perusal, and return. I am retaining the estimates with me which are prepared in 2 parts, one for Rs. 2700/- (for 3 rooms) and the other for Rs.4700/- (for one office room & a varandha as shown in the plan. I am also going ahead with the work in anticipation of Government Orders.

Yours Sincerely,

(H.Narasimha) 25/2

My dear Sri Bhakthavatsala,

I am very happy to hear that you will be visiting South Kanara, about the 17th of April. Sri K. Gowda our M.L.A., disclosed this. He is hope you will include Koila farm in your programme.

As I personally told you at Iddaikottai, our Artificial insemination centre has not yet been started in Mangalore. The required amount for the building is Rs 7500/- but the Project officer has sanctioned only Rs 2500/-. For the balance amount of Rs 5000/- he has written to the Director of Community Projects, for sanctioning. The building work has already been started, expecting the required amount to be sanctioned by the end of this month. We want you to kindly open this building during your tour in April. May I request you to ask the Director of Community projects to sanction the amount at an early date. I am enclosing a copy of the letter from the Project officer to the Director of Community projects. Sorry for troubling you.

Thanking you very much,

Yours sincerely,

K. B. Shetty

M.(Agri):

I understand that the building for the artificial insemination centre to be started at Mangalore would cost about Rs.7,200/- of which Rs.2,500/- has been sanctioned from the Community Project Budget. The building work is held up for want of about Rs.5,000/- more which is required for the construction. Dr.K.B. Shetty writes from Mangalore that he has spoken to you about this matter at the last meeting of the State Livestock Improvement Board held at Iddaikottai. The matter may please be given early attention. The people at Mangalore desire that you should open the Centre at the time of your next visit there.
